## **CATERING**

Catering will be provided for working media at all international matches across the Australian summer. With multiple media boxes in action at some grounds during the international summer, some venues may have access to catering at more than one location. Hot and cold beverages will also be available in media facilities.

## **PHOTOGRAPHY**

Each international venue will have facilities available for photographers, and a briefing at the start of each match to provide photographers with venue-specific information.

Photographers are reminded they need to wear photographer vests and media accreditation at all times for on-field access. Vests will be available at the start of each day's play, and are to be returned at the end of each day. Some venues will provide desks and seats for on-field use.

## **ETIQUETTE**

Field etiquette should also be observed at each match, and photographers are asked to remain seated during overs and avoid moving in front of the sight screen between overs. Please do not return beach balls or foreign objects to the crowd if these come over the fence, and if you have an issue with the crowd, please let the nearest security officer know.

## **SEATING PLAN**

During the Magellan Ashes Series, a seating plan will be in place for media working in at-venue facilities. Priority will be given to daily press filing match reports, as seating is limited.

## **CONDITIONS OF ENTRY**

Please note that in addition to all venue-specific conditions of entry, [Cricket Australia's 2017-18 Conditions of Entry](#) also apply to all international matches.
