

# CAPABILITIES STATEMENT

# TRUST THE EXPERTS AT PROFORM ELECTRICAL!

We are Level 1 and Level 2 ASP Contractors providing our clients with over 20 years of experience with practical solutions for their projects, at the highest quality.

At Proform Electrical, our goal is to make our clients lives easier by implementing our no-fuss, end-to-end approach which is something we have achieved time and time again.

We deal directly with supply authorities, councils and electricity retailers, so you can focus on what you do best – running your business!

Our dedicated, tight-knit team are always on hand to assist so, whether you are a home or business owner, civil or electrical contractor, builder or even a solar installer, we can ensure your project is in good hands.

Proform Electrical is proudly authorised across Ausgrid, Endeavour and Essential Energy networks.

# WHY PROFORM ELECTRICAL?

## Quality Service

We adhere to the highest standards of service, ensuring that all projects are completed efficiently and effectively.

## Safety

We place a high emphasis on safety. Our staff undergoes regular training to stay updated on the latest safety protocols.

## Environmental Commitment

We integrate environmental considerations into every aspect of our work. From reducing waste to responsible resource management, we actively work to protect the environment and promote long-term sustainability.

## Experience

With 20 years in the industry, we have accumulated diverse experience enabling us to handle a broad range of electrical projects.

## Latest Technology

We leverage state-of-the-art AI solutions and tools to ensure precision and efficiency in our work.

## Certified and Insured

Proform Electrical is a certified electrical contractor and fully insured, offering peace of mind to all our clients.

# OVERHEAD/ UNDERGROUND

Whether it be overhead or underground, the team here at Proform Electrical have the training and skill required to get you connected to the network however complex the situation may be.

- Liaise with Supply Authority
- Application Submission
- 100 - 2000 Amp Services
- Pums and Special Small Service
- RMS Specification Works
- UGOH Connections
- LV Cable Jointing
- Private Lighting
- Private Poles
- Disconnect/Reconnect
- Pole Replacement
- Substation Installations

# METERING

Since December 2017, power retailers have taken over the role of supplying electricity meters throughout NSW. Let us do the mind-numbing paperwork and liaising with the retailers to set up the accounts and get your meter installed in a timely manner.

We have the capabilities for commercial metering solutions, single residential metering for upgrades or relocations, TBS metering and metering separation i.e. granny flats.

- Retailer Liaising
- Set Up Accounts
- Whole Current Meter Installation
- CT Meter Installation
- Authorised to install all Retailers Metering Equipment.

# COMMERCIAL ELECTRICAL CONSTRUCTION

From private subdivisions to factory units, the dedicated team at Proform Electrical can assist with design, engineering and delivery of your project. With power analysis equipment we can monitor your power supply for maximum demand and give you an accurate reading when looking to upgrade your power supply.

Proform Electrical will assist you in completing your projects from design to hand over due to our great relationships with several Level 3 ASP's so we can provide end-to-end power solutions for installations.

- Project Design
- Main Switchboard Design and Installation
- Power Analysis
- Coordination of Substation Design and Installation
- Subdivisions
- Generator Installations

# CIVIL

The team at Proform Electrical have the necessary knowledge and skills to complete your civil electrical works. From trenching and conduit installation to road crossings and under bores, we will find a way to get your cables where they need to be.

- Design and Construct Power Reticulation
- Cable Installations
- Excavation for Electrical and Communication Networks
- Concrete and Road Cutting
- Foundation Installation for Lighting Poles
- Cable Pits
- Pit and Pipe Services
- Backfill and Compaction to Standard
- Concrete and Bitumen Reinstatement

# OUR CLIENTS

# TESTIMONIALS

“ Proform Electrical has been engaged by Lindsay Civil on a regular basis over the last 6 years for generator connections and disconnections , low voltage testing, low voltage jointing, level 2 connections and minor electrical works. During this time, I have found Karl to be very reliable, honest and responsive to issues.

All works have been completed to a high-quality standard with no safety issues. The staff are experienced and professional.

I am very happy with the performance of ProForm and look forward to working with them on future projects.

**Matt Lindsay**  
– Director Lindsay Civil

“ Proform Electrical have proven to be a great fit for our Level 2 projects.

Karl and his team work hard to find the right solution to suit our needs and always provide a professional and stress-free service start to finish.

**Scott Coulton**  
– On Point Network

“ Karl and his team are reliable, professional and great to work with. Their “can do” attitude gets the job on time every time, to a high standard of quality and workmanship.

**Mitchell Wakefield**  
– State Manager - Mega Electrics

## OUR COMMITMENT TO EXCELLENCE

At Proform Electrical, our journey doesn't just revolve around circuits, wires, and switches; it's fundamentally about building relationships, illuminating spaces, and energising communities.

## A PARTNERSHIP THAT GOES BEYOND PROJECTS

When you choose Proform Electrical, you're not just selecting a service provider; you're aligning with a partner. A partner that's invested in your vision, committed to your success, and dedicated to a relationship built on trust.

# THE PROFORM ELECTRICAL TEAM

**At Proform Electrical we are confident that our employees skills and expertise coupled with their commitment and enthusiasm will ensure we are the perfect fit for your electrical needs.**

The Proform Electrical team is headed up by company Director Karl, who possesses over 20 years of experience in the electrical field ranging from commercial to large scale industrial.

Karl is a perfectionist and dedicated to ensuring his clients receive a first class service from start to finish.

Karl is joined by his growing team of qualified electricians that take pride in finding solutions for clients no matter how challenging the project may be. The team at Proform Electrical are authorized with networks across NSW, licensed to operate the growing fleet of trucks and machinery and most importantly, love what they do - giving Proform Electrical the edge in the ASP industry.
